Fiscal Analysis

ASSUMPTIONS:

Department of Commerce

1. HB 279, which was requested by the Professional and Occupational Licensing Division, updates the pharmacy practice act using the Model Practice Act as distributed by the National Association of Boards of Pharmacy as a guide. Current statutes are outdated and do not allow the board to properly regulate the practice of pharmacy, especially when one considers all of the technologies and advances that have occurred in the profession.
2. There is no fiscal impact to the department from HB 279 as amended.
